

**Sunday, April 18, 2010**

**2:00pm-5:00pm** **Poster Session: Angiogenic inhibitors: Resistance and Biomarkers** **Hall A-C, Poster Section 13**

Board Number: 23      Abstract Number: 386      First Author: Qingbei Zhang      Title: Real-time noninvasive optical imaging of angiogenesis and vasculogen...

**2:00pm-5:00pm** **Poster Session: Modulators of Radiation and Photobiol. Responses** **Hall A-C, Poster Section 18**

Board Number: 16      Abstract Number: 500      First Author: Ryoichi Aki      Title: Efficacy of UVC irradiation on GFP-expressing melanoma growth and vasc...

**2:00pm-5:00pm** **Poster Session: Biochemical Modulators** **Hall A-C, Poster Section 21**

Board Number: 14      Abstract Number: 579      First Author: Lei Zhang      Title: Chinese herbal mixture LQ inhibits tumor growth and metastasis and inc...

**2:00pm-5:00pm** **Poster Session: Gene and Vector-Based Therapy 1** **Hall A-C, Poster Section 22**

Board Number: 1      Abstract Number: 580      First Author: Ming Zhao      Title: Bone marrow cells trafficking after *Salmonella typhimurium* A1-R tumor...  
 Board Number: 4      Abstract Number: 583      First Author: Yong Zhang      Title: Treatment of human liver cancer in nude mice with a tumor-targeting S...  
 Board Number: 9      Abstract Number: 588      First Author: Ming Zhao      Title: Effect of antibiotic treatment on *Salmonella typhimurium* A1-R tumor tar...  
 Board Number: 18      Abstract Number: 597      First Author: Fang Liu      Title: Bacteria targeting and tumor vascular destruction by *S. typhimurium* A1-R...

**2:00pm-5:00pm** **Poster Session: Tumor Staging and Minimal Residual Disease** **Hall A-C, Poster Section 32**

Board Number: 11      Abstract Number: 849      First Author: Jiahua Zhou      Title: Detection of circulating micrometastasis in pancreatic cancer patients by...

**Monday, April 19, 2010**

**9:00am-12:00pm** **Poster Session: Biology of Angiogenesis & the Tumor Microenviron.** **Hall A-C, Poster Section 12**

Board Number: 14      Abstract Number: 1294      First Author: Ryoichi Aki      Title: Inhibition of angiogenesis in lymph node metastasis

**9:00am-12:00pm** **Poster Session: Damage Response, Signaling & Gene Expression** **Hall A-C, Poster Section 13**

Board Number: 6      Abstract Number: 1314      First Author: Masashi Momiyama      Title: Real-time imaging of individual cancer cell nuclear-cytoplasmic dynamics...  
 Board Number: 7      Abstract Number: 1315      First Author: Hiroaki Kimura      Title: Real-time imaging of nuclear-cytoplasmic dynamics in UV light killing of...

**9:00am-12:00pm** **Poster Session: Inflammation and the Immune System** **Hall A-C, Poster Section 14**

Board Number: 26      Abstract Number: 1356      First Author: Hiroaki Kimura      Title: Real-time *in vivo* color-coded imaging of the interaction between immuno...

**9:00am-12:00pm** **Poster Session: Stroma 2** **Hall A-C, Poster Section 17**

Board Number: 30      Abstract Number: 1441      First Author: Atsushi Suetsugu      Title: Use of RFP and GFP transgenic nude mice to study the tumor microenvir...

**Monday, April 19, 2010**

**9:00am-12:00pm** **Poster Session: Translational Metastasis Research** **Hall A-C, Poster Section 18**

Board Number: 13	Abstract Number: 1454	First Author: Hiroyuki Kishimoto	Title: Telomerase-specific adenoviral labeling and treatment of hepatocellular...
Board Number: 17	Abstract Number: 1458	First Author: Stephanie Gros	Title: Orthotopic imageable peritoneal carcinomatosis GFP nude mouse model...

**9:00am-12:00pm** **Poster Session: Pharmacogenomics and Personalized Medicine I** **Hall A-C, Poster Section 27**

Board Number: 26	Abstract Number: 1686	First Author: Hop S. Tran Cao	Title: Low dose metronomic gemcitabine has high antimetastatic efficacy in an...
------------------	-----------------------	-------------------------------	--

**2:00pm-5:00pm** **Poster Session: Matrix: Integrins and Proteases** **Hall A-C, Poster Section 14**

Board Number: 5	Abstract Number: 2322	First Author: John Grzesiak	Title: Knockdown of the beta 1 integrin subunit inhibits tumor growth and...
-----------------	-----------------------	-----------------------------	--

**Tuesday, April 20, 2010**

**9:00am-12:00pm** **Poster Session: Mechanisms of Tumor Metastasis 2** **Hall A-C, Poster Section 17**

Board Number: 13	Abstract Number: 3385	First Author: Masashi Momiyama	Title: A craniectomy open window model for longitudinal subcellular imaging of...
Board Number: 16	Abstract Number: 3388	First Author: Hiroyuki Kishimoto	Title: Selective GFP labeling of disseminated cancer with a telomerase-specific...

**9:00am-12:00pm** **Poster Session: Tumor Host Cellular Interactions in Growth, Metast...** **Hall A-C, Poster Section 19**

Board Number: 10	Abstract Number: 3437	First Author: Ryoichi Aki	Title: GFP imaging of angiogenesis in lymph node metastasis
------------------	-----------------------	---------------------------	---

**2:00pm-5:00pm** **Poster Session: Innovative Technologies 2** **Hall A-C, Poster Section 5**

Board Number: 8	Abstract Number: 3983	First Author: Hop S. Tran Cao	Title: Real-time imaging of human thyroid cancer progression in a fluorescent...
-----------------	-----------------------	-------------------------------	--

**2:00pm-5:00pm** **Poster Session: Cancer Stem Cell Therapeutics 2** **Hall A-C, Poster Section 16**

Board Number: 13	Abstract Number: 4280	First Author: Atsushi Suetsugu	Title: Color-coded <i>in vivo</i> imaging of tumor stem cells and co-implanted non-...
------------------	-----------------------	--------------------------------	--

**2:00pm-5:00pm** **Poster Session: New Methods to Image Tumors In Vivo** **Hall A-C, Poster Section 18**

Board Number: 21	Abstract Number: 4336	First Author: Hop S. Tran Cao	Title: Fluorescence laparoscopy for high-resolution pancreatic tumor imaging in...
------------------	-----------------------	-------------------------------	--
